

# ANGULAR MOMENTUM

PRESENTED & PRODUCED

## TIME GALLERY/1

The first Angular Momentum TIME GALLERY opened in the end of July 2005 and is located close to the famous astronomical clock tower „Zytglogge-Turm“ built in 1450, in the heart of downtown Bern, the Capital of Switzerland.

The TIME GALLERY/1 is the first specialty store for Angular Momentum watches and pilot project for a number of Time Galleries which are planned to be opened around the world. Differently to regular watch stores, in the Time

Galleries, customers will find the entire assortment of Angular Momentum watches, including a wide selection of Tec & Art Individual Time Pieces, gem stone and diamond set watches, unique sculptur watches like the Time Explosion and COLOR-TEC watches made out of colored mosaic steel and much more.

In the TIME GALLERIES customers will find detailed and exclusive information about Angular Momentum its history and novelties.
